PROFESSIONAL SUMMARY

Customer Service Coordinator with 1.11 years of experience at Hapag-Lloyd and a Generative AI certification, seeking a Generative AI Intern role. Hands-on with Python (Pandas, NumPy), machine learning, neural networks, LLM APIs, prompt engineering and Retrieval-Augmented Generation (RAG), backed by strong data validation and reporting skills.

TECHNICAL SKILLS

AI & LLMs: Prompt Engineering, LLM APIs, RAG, Embeddings, FAISS, ChromaDB, LangChain

Programming & ML: Python, Pandas, NumPy, Scikit-learn, TensorFlow / Keras, SQL (Basic), Matplotlib

Data & Tools: MS Excel (Pivot Tables, XLOOKUP, Data Validation), Jupyter Notebook, Git / GitHub, MS Word, PowerPoint

Soft skills: Root-Cause Analysis, Stakeholder Coordination, Communication, Mentoring, Time Management

PROJECTS

Shipment Data Analysis & Cleaning | Personal Project

- Cleaned and analysed a logistics-style shipment dataset with Pandas and NumPy, handling missing values, duplicates and outliers and building group-by and pivot summaries.
- Visualised delay trends and route-wise performance with Matplotlib; automated the workflow in a reusable Python script.

Shipment Delay Prediction & Image Classification | Personal Project

- Trained a Scikit-learn Random Forest classifier for shipment delays; evaluated accuracy, precision, recall and a confusion matrix.
- Built an ANN on tabular data and a CNN for MNIST image classification in TensorFlow/Keras; compared both with the ML baseline.

RAG-Based Document Q&A Chatbot | Personal Project

- Split PDF and SOP documents into chunks, created embeddings, stored them in FAISS and retrieved relevant context for each query.
- Used retrieved context with an LLM API and prompt templates for grounded answers; built a Streamlit chat interface.

PROFESSIONAL EXPERIENCE

Customer Service Coordinator - Hapag-Lloyd, Chennai

Jan 2025 - Present

- Managed end-to-end shipment bookings with high accuracy; validated customer and shipment data to keep records error-free.
- Performed root-cause analysis on booking errors, owned escalations across departments and built daily Excel reports using Pivot Tables and XLOOKUP.
- Used generative AI tools to speed up data summarisation and documentation; followed SOPs and mentored new team members.

EDUCATION, CERTIFICATIONS & LANGUAGES

B.Com (Information Systems) - Ramakrishna Mission Vivekananda College, Chennai

Graduated 2024 | Certifications: Generative AI Certification | Microsoft Excel Certification

Languages: English (Fluent) | Tamil (Native)
